About Us

Established in the year **2004**, we, **“Apex Technologies”** are an ISO 9001: 2015 certified company indulged in the process of **manufacturing, trading, exporting, importing and supplying** of a wide range of Automobile Garage and Service Station Equipment. These products have been manufactured as per the predefined standards of the industry and availed to the customers in a wide variety of specifications.

Our team has been well trained upon how to precisely engineer and design these excellent quality products as per the norms using quality raw material. They are deployed at their respective units and provided with all the relevant facilities for fabricating a high class range of these equipment. We have a wide client base and have been catering to some of the most reputed tire manufacturing firms such as Maruti, TATA Motors, HM and Hyundai. Owing to our quality commitments, we have been able to stay in business with them. The products that we manufacture have been widely demanded at major workshops and automobile repair places for their efficiency and how they reduce manual work along with costs.

We have gained for ourselves a prominent slot in the markets under the visionary guidance of our mentor **"Mr. Sudhakar Dwivedi"** . He has definitely guided our company business to the new heights and levels. Our workforces are mentored under his guidance and have been gaining new knowledge...
